TRAINED NURSE

After Years of Experience, Advises Women in Regard to Their Health.

Mrs. Martha Pohlman of 55 Chester Avenue, Newark, N. J., who is a graduate Nurse from the Blockley Training School, at Philadelphia, and for six years Chief Clinic Nurse at the Philadelphia Hospital, writes the letter printed below. She has the advantage of personal experience, besides her professional education, education, and what she has to say may be absolutely relied

upon.

Many other women are afflicted as she was. They can regain health in the same way. It is prudent to heed such advice from such a source. Mrs, Pohlman writes:

"I am firmly persuaded, after eight years of experience with Lydia E. Pinkham's Vegetable Compound, that it is the safest and best medicine for any suffering woman to "Immediately after my marriage I found that my health began to fail me. I be-came weak and pale, with scvere bearing-down pains, fear-ful backaches and frequent dizzy spells. The doctors pre-scribed for me, yet I did not improve. I would bloat after

namested. I had an acrid discharge and pains down through my limbs so I could hardly walk. It was as bad a case of female trouble as I have ever known. Lydia E. Pinkham's Vegetable Compound, however, cursed me within four months. Since that time I have had occasion to recommend it to a number of patients suffering from all forms of female difficulties, and I find that while it is considered unprofessional to recommend Lydia E. Pinkham's Vegetable Compound, for I have found that it cures female ills, where all other medicine fails. It is a grand medicine for sick women."

Money cannot buy such testimony as Money cannot buy such testimony as

Money cannot buy such testimony as this-merit alone can produce such results, and the ablest specialists now agree that Lydia E. Pinkham's Vegetable Compound is the most universally successful remedy for all female ases known to medicine. When women are troubled with ir-

regular, suppressed or painful menstruction, weakness, leucorrhoa, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizzidential. Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

The needless suffering of women from

diseases peculiar to their sex is terrible The money which they pay to doctors who do not help them is an enormous waste. The pain is cured and the money is saved by Lydia E. Pinkham's Vegetable Compound. Experience has proved this.

It is well for women who are ill to write Mrs. Pinkham, at Lynn, Mass. In her great experience, which covers HEARTS CURED.
